

SUPER LOCO
Mexican Kitchen & Bar
MEDIA RELEASE - Chef Jason Jones
For Immediate Release
June 2015

The Loco Group, is pleased to announce that celebrity chef Jason Jones will be joining the group as a Partner and Director of Culinary Operations. Chef Jason will oversee all culinary aspects of the group and has re-located to Singapore so that he can play an active role in the planned expansion of the group.

Chef Jason is an Australian chef and restaurateur who co-founded and owned the popular Mexican restaurant Mamasita in 2010 and it has been a household name in Melbourne ever since. Regarded as one of Australia's best chefs, Chef Jason has made numerous appearances on 'Masterchef Australia' and is a regular feature at food festivals around the world. Chef Jason held the position of Head Chef at Mamasita for three years before deciding to set out on a new adventure. He travelled and cooked his way across Central and South America, Europe and Northern Africa for three months — swapping recipes with locals as he went. Following Chef Jason's return to Melbourne, he set up Moroccan restaurant and bar B'Stilla in November 2013, serving up delicious Moroccan street food and receiving many accolades including The Age Good Food Guide 2014 'Best Restaurant under \$30'. He has since opened a more casual Moroccan takeaway in Melbourne called B'Stilla Cantina.

Chef Jason has been playing a behind the scenes consulting role to The Loco Group since Lucha Loco's inception, where he worked closely with Executive Chef Mario Malvaez from Mexico City on the menu. Chef Jason returned to Singapore in 2014 to assist Chef Mario on the menu for the group's second Mexican restaurant, Super Loco. The strong working relationship between the owners and Chef Jason was one of the reasons for Chef Jason wanting to join the group on a full-time basis and to play a key role in the group's expansion.

The Loco Group are looking to expand the Super Loco concept across Asia and currently looking at potential sites in Jakarta, Hong Kong, Shanghai and Tokyo.

Christian Tan, on behalf of The Loco Group says, "We are very excited to have Chef Jason on-board who shares a similar enthusiasm for Mexican food. We need a strong team to expand and Chef Jason and his experience as a chef and restaurateur couldn't be a better fit".

"I'm excited to be partnering with The Loco Group who have delivered a world-class offering through their existing restaurants. I believe together we can grow the group further and push the boundaries of Mexican cuisine and customer

experience” says Chef Jason. “I’d like to think we can help grow the exposure of Mexican food and drinks across the region and show people how amazing and diverse the cuisine can be”.

About The Loco Group

The Loco Group is the holding company established for the ownership and operation of Super Loco and Lucha Loco.
